

Quizdrop

Whitepaper 2021

Quizdrop is a revolutionary play-to-earn game that resides on BSC chain and Polygon chain. Quizdrop rewards members with \$Qdrop tokens when they attempt the quiz game. All Quizdrop quizzes are related to crypto and blockchain. With this, Quizdrop seeks to spread awareness among the members about crypto technology, new developments in crypto and latest trends in crypto.

These quizzes will help members in finding new lucrative crypto projects while playing the game. The essence of playing this game is to earn \$Qdrop tokens as well as Sponsored tokens. This will increase the number of tokens in the member's account. Thus, Quizdrop aims to provide something valuable in the form of quizzes providing knowledge about crypto along with monetary rewards to the players.

Inside Quizdrop

Participants will get a quiz game every day and these quizzes will change on every 24 hours. The game will pose 5 or 10 questions. A member can participate in a quiz by locking in tokens. If there are sponsored quizzes, a player may be offered more than one game every 24 hours.

The difficulty level of the Quiz game will be easy to enable members to earn rewards easily while gaining a basic knowledge of crypto. Every participant will get a reward of \$Qdrop tokens for each correct answer. If there is a sponsored token affiliated with the quiz, players will be rewarded with both the \$Qdrop token as well as the sponsored token. Neither a token nor the reward will be deducted for a wrong answer given by the player.

The resources needed to get the knowledge of the quiz will be uploaded on the platform three days prior to the quiz. Participants will be able to peruse the documents and prepare for the quiz.
